SABA exists to connect, encourage and support churches for kingdom impact. We measure our success by the numbers of churches we serve, by the depth to which we serve those churches, by the stories of kingdom impact from those we serve, and the number of strategic partners with whom we connect, encourage and support in kingdom impacting relationships.

Your church is not alone. We are here to serve you. Our SABA staff and I are available to attend your worship services and other gathering as well as assist you in any aspect of church life.

We look forward to a long fruitful relationship.

Until He comes,

Darrell Horn
SABA Executive Director
